Fairy Doors

Make your garden friendly for all our mythical woodland friends by helping to make a fairy door.

Fairies and elves help us to look after our gardens and woodlands while we are asleep. They live in trees so let us give them a lovely door to their homes.

What you'll need

- Lollipop sticks (4 jumbo and 1 small cut in half)
- Glue
- Craft materials e.g. leaves, flowers, feathers, buttons, colouring pen etc. (optional)

What to do/instructions:

1. Lay out four jumbo lollipop sticks and glue one half of the small lollipop stick across the top and the other half across the bottom.
2. Leave the glue to dry before decorating
3. Once the glue has dried decorate your fairy door how you like. You could use materials gathered from your woodland or park walk such as bark, moss, feathers and leaves
4. Once your door has dried, place your door at the base of a tree ready for your fairies to use!

We would love to see your creations! Share your photos with us on Instagram or twitter /cityoftreesmcr
