

# Go Wild for families

## Magical Tool Shed

Make a tool shed for the fairies and elves to keep their tools safe!

Fairies and elves help manage our gardens and woodlands when we are not able to. They need some tool sheds to keep their tools safe

### What you'll need

- Paper cup
- Marker pen
- Scissors
- Double sided sticky tape
- Natural materials e.g. leaves, sticks, moss, mud.

## What to do/instructions:

1. This is a great garden activity as can get a little muddy!
2. Place your cup upside down and draw a door on your cup and cut around leaving one side for a hinge
3. Cover the cup with double sided sticky tape and place leaves, moss, and sticks around the entire cup – maybe even a feather for a flag!
4. If there are any parts of the cup showing, you can colour it with mud or a colouring pen

## Other ideas:

If you have any clay, try making some small tools and put them in your tool shed for the fairies and elves to use.

**We would love to see your creations! Share your photos with us on Instagram or twitter /cityoftreesmcr**
